GU SKANDI A/S

Application and contractual basis

These sales and delivery conditions apply between Skandi Beslag and a specific buyer ("Buyer") in respect to all offers, orders and deliveries from Skandi Beslag unless otherwise agreed in writing between the parties. Any derogation, including in the form of Buyer's purchasing conditions, can only be made following Skandi Beslag's prior written acceptance.

All offers are issued subject to prior sale and are calculated on the basis of the prices of materials and labour costs as of the date of the offer. A final agreement on delivery is exists only when the Buyer has received Skandi Beslag's written order confirmation and only this order confirmation is binding. The Buyer is under an obligation to carefully check the order confirmation. If there are any errors in the order confirmation, the Buyer shall immediately submit objections against them.

The orders confirmed by Skandi Beslag will be delivered at the agreed price and cannot be cancelled after the order confirmation has been sent. Orders of less than DKK 500.00 net are subject to a handling fee of DKK 50.00

Skandi Beslag disclaims any and all liability for late delivery or compensation for the resulting difficulties.

Shipping

All goods are delivered at the Buyer's risk and expense. The delivery takes place ex Skandi Beslag's warehouse in Jyllinge. Freight is charged, unless otherwise agreed in writing. Insurance shall always be covered by the Buyer's expense and shall be taken out by the Buyer.

Packaging

Special packaging is charged at current market value.

Complains in the event of a delay

Complains shall be made in writing within 14 days from delivery because the Buyer would otherwise lose its right to invoke delay. Skandi Beslag may not be held liable for defects or damages caused (i) by the Buyer, (ii) during transport, (iii) by incorrect storage of the goods delivered, (iv) by incorrect handling or assembly of the product, (v) by an expected change in the capacity of the product (vi) or other negligence which cannot be attributed to Skandi Beslag.

Upon receipt of defective or damaged packaging, reservations shall be made when the waybill is received. In case of incorrect and/or short shipment, a written complaint must be filed with Skandi Beslag within 48 hours of receipt.

Obligation to carry out inspections and complaints

Immediately upon delivery or receipt, and always before the goods are put into use, built in or installed, the Buyer shall inspect the delivered goods in order to ensure that they are free from defects.

The Buyer shall file any complaints because of defects, including quantity variances, which the Buyer has or should have established during the inspection laid down in the current clause, with Skandi Beslag immediately and absolutely no later than 14 days of the product delivery to the Buyer because if not, Skandi Beslag will reject the complaint. In case of other defects the Buyer shall file a complaint immediately after discovering the defect and no later than two (2) years after delivery, cf. however, the construction delivery clause below.

Liability for defects/compensation

Goods, which because of design, structural, material or manufacturing defects turn out to be unusable within 2 years after being put into use shall be replaced or repaired free of charge and according to Skandi Beslag's preferences when the defective parts are returned. Claims other than replacement or repair such as compensation for labour costs, waste of time, costs associated with the disassembly of the old product and/or installation of a new product or the like as a result of faults or defects may not be invoked before Skandi Beslag.

If - and to the extent - the delivered products are used in construction in

Denmark, deliveries shall be made based on the following construction delivery clause laid down by the construction authority of the Danish Town and Housing Ministry where Skandi Beslag is "supplier".

The supplier's liability for defects in deliveries ceases to apply 5 years after the delivery of the construction in which the delivery is part. In connection with deliveries to warehouses or resale, the supplier's liability ceases to apply not later than 6 years after delivery to the buyer. Where it can be considered substantiated that a claim for delivery defects cannot - or only with great difficulty - be made against the supplier's buyer or subsequent buyers, the Parties also accept that the claim can be made directly to the supplier. In such cases, the supplier is only liable for defects to the extent its own delivery is inadequate and furthermore only to the extent specified in the supplier's contract with the relevant buyer.

However, the supplier accepts in all cases that a joint action can be brought against the supplier and the buyer or subsequent buyers on account of the mutual relationship between the parties. The case is handled at the court of arbitration for building and civil engineering.

Product liability

In case of personal injury or damage to consumer products as a result of a defect in Skandi Beslag's product(s), Skandi Beslag's liability shall be determined in accordance with the general provisions of Danish law, including the current Product Liability Act.

If it is a matter of an occupational accident, Skandi Beslag's liability for compensation shall be limited to an amount corresponding to the value of the invoice of Skandi Beslag's inadequate product(s). If Skandi Beslag is held liable for product damage to third parties, the Buyer shall indemnify Skandi Beslag for the liability that Skandi Beslag may incur beyond the scope of the liability laid down in the current product liability provisions. Skandi Beslag hereby disclaims to the greatest extent possible any non-statutory product liability based on legal practice.

General disclaimer
